**Educational Toys and Activity Kits**

**PRODUCT CATALOGUE**

As a parent and educator, I believe learning should spark joy, curiosity, and confidence in every child.

My House Teacher was born from the desire to make screen-free, hands-on learning both fun and meaningful. Each toy we create is thoughtfully designed to blend play with purpose. We test, refine, and innovate with one goal—empowering young minds to think, explore, and grow.

Thank you for inviting us into your home and trusting us with your child's learning journey.

Let's build brighter futures, one playful moment at a time.

*Kirti Aggarwal*

**Tell me and I forget,  
Teach me and I remember  
Involve me and I learn**

Benjamin Franklin

At My House Teacher, our mission is to inspire joyful, independent learning through innovative educational toys. We aim to create screen-free, interactive products that nurture foundational skills in early childhood—from cognitive development and motor skills to problem-solving and creativity. Each product is designed with love, tested by children, and rooted in real educational principles. We believe that the best learning happens through play, and we are committed to making that experience accessible, enriching, and memorable. With every toy, we hope to plant the seeds of curiosity and confidence in young learners, supporting parents in their vital teaching role at home.
